## Mast Stepping (Up) Explained

**\* The Standard Mast Fee includes the boom truck, boom truck operator and one LCM staff to assist for 1/2 hour maximum for the following service: (additional time is \$55.00 per half hour)**

**\* The LCM staff will take the customer's mast from the storage rack to saw horses.**

The customer will rig the mast and ready for stepping.

**\*\*Make sure that the mast steaming light is facing up to the sky while on the saw horses before putting your spreaders back on\*\***

When the customer has the mast ready to step, please let the LCM staff know.

When instructed, the customer will bring the boat to the mast dock.

*\* The LCM staff will sling and raise the mast into place on the boat.*

The customer will then attach forestay, backstay and shrouds.

*\* When finished the LCM staff will unhook from the mast.*

The customer will move boat back to assigned slip.

If you require assistance rigging the mast before it is stepped, we will be glad to provide this service. Please ask for a quote, as there will be an additional charge to assist.

If you require the LCM staff to do the complete mast stepping, please ask for a quote.

## Mast Unstepping (Down) Explained

**\* The Standard Mast Fee includes the boom truck, boom truck operator and one LCM staff to assist for 1/2 hour maximum for the following service: (additional time is \$55.00 per half hour)**

The customer brings the boat to the mast dock and should have the mast ready to come off.

*\* The LCM staff will sling the mast to hold.*

The customer will disconnect the shrouds, forestay, backstay and any electrical connections.

*\* The LCM staff will lift the mast and set on sawhorses.*

The customer will move boat back to assigned slip.

Then the customer will remove the spreaders and pack up the mast for storage on the day that the mast is unstepped.

*\* The LCM staff will move the mast from the sawhorses to the storage racks.*

If you require assistance de-rigging the mast after it is down, we will be glad to provide this service. Please ask for a quote, as there will be an additional charge to assist.

If you require the LCM staff to do the complete mast unstepping, please ask for a quote.
