Notes

Our summer docks are currently fully booked. This can change from one season to the next. Check to get your name and boat details on our waiting list. Preference is given to those who summer and winter store with us.

We do use the LOA (Length Over All) measurement to determine the slip and storage fees.

The LOA of a boat includes bowsprits, davits, swim platforms and other overhangs at the bow and stern.

All Prices are Subject to Applicable Taxes unless stated otherwise. Prices may change without notice.
